T. +502 2223 6868 - C. +502 5526 8505

José has been a lawyer since 2012 and is a litigation specialist in civil and commercial proceedings. His experience also includes investigation and evidence gathering for criminal cases, development and execution of litigation strategies, and out-of-court negotiation in commercial disputes.

He has also handled litigation and strategy for conflicts arising from local and international distribution contracts. His work includes civil litigation related to white-collar crimes, annulment of fraudulent contracts, arbitrations involving shareholder disputes, and unfair competition.

He is currently in the process of completing his master's degree in Commercial and Sports Arbitration.

## Representative Cases

Lawyer with solid experience representing national and international corporations in complex civil, criminal, and commercial disputes. Strategic focus on conflict prevention, management, and resolution through litigation, arbitration, and alternative mechanisms such as mediation.

Distribution conflicts and civil fraud – Bottling industry:

Legal advice to an international bottling corporation with operations in Guatemala in handling disputes related to civil fraud and conflicts arising from distribution relationships.

Support to foreign and local companies – Fraud cases:

Representation and legal counsel to foreign investment corporations and local companies that have been victims of civil and criminal fraud schemes, including coordination with judicial authorities and asset recovery strategies.

Mediation in commercial disputes:

Participation in mediation processes to resolve conflicts involving contractual damages, commercial debt collection, and compliance with obligations between companies.

Arbitration and complex litigation:

Involvement in national and international arbitration proceedings, as well as litigation before civil and commercial courts, with a focus on high-value disputes or those with reputational implications.
